

Ladies and Gentlemen, my second Simgirls fanfiction is complete! And just like my previous one *Detention* (the Akira/Tomoko yuri), this fanfic is based on sexual scenes that Sim Man has given us.

As I said before, this one has sex and such, so if you aren't ready for it, then don't read it. Unlike the last one though, this time, I have a hetero lemon between the main character (who you play as) and Tomoko. This fanfic is based on Tomoko's ending in earlier versions of Simgirls. Also, while the previous lemon had more of a light humorous feel to it, this one doesn't. It's all about eroticism. For maximum effect, turn out all the lights, light a couple of candles, and put on some nice soft music...

To capture the feel of Sim Man's ending as close as possible, I did several things to this lemon.

1) This lemon is in first person perspective. I tried to write this with the idea that you are actually in the role of the main character, and not seeing it from the outside. For you ladies out there reading this, if you wish, I can also write a second version of this putting you into the mind of Tomoko so that you have a girl's version. Let me know...

2) Since the main character didn't talk much during the game, don't expect him to talk much here either. I have added a couple of lines, but that is only to move the story along when necessary. And besides, when making love, why use words when you can let your love speak for you?

3) I haven't given the main character a name, so when he is referred to, it will be something like *lover*, or the name just won't be said at all. In the game, you had a choice of a name, so I decided to keep that option to help bring players into this story more. So if you are wondering if this guy's name is *Junta*, then the answer is yes, if you want it to be...

And finally, enjoy! More stuff will come along as I get more inspiration! And if there is something that you would like me to write, then feel free to email me!

After months of wooing, you have finally earned the love of Tomoko Saeki, the most attractive and most popular girl at Fukoma High. Your heart belongs to Tomoko, and Tomoko's heart belongs to you. The bond that the two of you share is one that others can see but not be able to enter. Tomoko has become more than just your girlfriend... she has become your soul mate, the eternal companion, for all time...

The day after confirming that she wants to be your steady, Tomoko decides to do some shopping at the mall. Around 7 pm, you and Tomoko hit the mall.

You patiently wait outside the fitting room while Tomoko is trying on different outfits. You yawn as you glance at your watch. It's now 7:13. As much as you love the girl, you just couldn't deny the fact that you were getting bored waiting for Tomoko to finish.

But then, without warning, Tomoko reaches out her arm from the fitting room and pulls you inside with her.

Inside the fitting room, Tomoko has wrapped her arms around your neck and has your back up against the wall. At first you are wondering about her intentions, but then they are made perfectly clear as Tomoko rubs her knee against your crotch. A low growl emits from your lips as your *little buddy* wakes up from its long slumber, ready for action...

As if to confirm any questions that you may have had, Tomoko seductively whispers into your ear..."Do you want to do something H?"

"In here? The fitting room?"

Those are your first thoughts. But they are quickly washed away as Tomoko pulls down your pants and boxers, making the decision for you...

A smirk comes to Tomoko's lips as she bends down and hungrily takes your erect cock into her mouth. With one hand, Tomoko massages your balls while with her tongue she licks up and down your length.

"mmm..." You growl lightly, as you wrap your right hand around the back of Tomoko's head. This girl was definitely gifted in oral pleasure...

You close your eyes and take short breaths while Tomoko continues to pleasure you. You seem to have forgotten that you are currently in the women's dressing room...

Tomoko is almost too gifted, you quickly realize, as you open your eyes, for she has already brought you close to the edge...

You try to hold on, as Tomoko continues to suck you, but you can only contain yourself for so long. Without warning, you explode, releasing your manhood into Tomoko's mouth.

Tomoko doesn't seem to mind one bit about what happened, for without hesitation, she swallows every drop of your essence...

"I want to be yours..." Tomoko pleads, as a couple of drops of your seed fall onto her breasts, "Take me!"

You need no more persuasion...

You kick off your shoes and pants before picking Tomoko up from the floor. You take Tomoko to the mirror inside the fitting room, and pull her shirt up.

“She isn’t wearing a bra...” you observe as you look at Tomoko’s breasts. Tomoko wraps an arm around your head as you hold her body close to you.

Not wanting to keep the lady in suspense, you lightly rub Tomoko’s nipples and the small area around them, being sure to only use the tips of your fingers. Tomoko starts breathing softly from your gentle touch. You must be doing a good job...

Tomoko has gotten extremely horny by now, for she removes herself from you and lies down on the floor. With her legs held up high in the air, Tomoko starts to remove her moist panties...

Tomoko starts to pleasure herself as her panties have almost been removed from her legs. This girl is in heat...something needs to be done about that...

This erotic act of Tomoko’s makes you want to just plunge yourself deep inside her. But you ignore this feeling for now...what was more important was satiating Tomoko’s appetite for lust first...

You approach your woman onto the floor as you place two fingers inside her womanhood. As you guessed, Tomoko is already wet. You rub around inside her as Tomoko’s body starts to shake from your ministrations.

“Please...” Tomoko begs, short of breath, *“Don’t tease me anymore...give me your cock...I want it...inside me...please...”*

A smile crosses your lips as you insert your cock inside Tomoko’s warm pussy. You had been waiting for this all day, and now, all of your patience was about to pay off...

You thrust yourself inside Tomoko as she moans your name. This feeling... was one that could not be compared with anything else that you have ever experienced in your life.

It was a good thing that Tomoko had told you earlier that she was on the pill, for you weren’t sure if you would be able to pull out of her in time when your second orgasm started to approach.

This may not be a problem, as Tomoko lightly pushes you off of her. Tomoko then turns around, and on her knees, begs you to take her in the ass...

You were now starting to wonder just who was the more perverted of you two...

You pull off your green camouflage shirt and toss it to the side. You then approach Tomoko and place your still erect cock in between Tomoko’s asscheeks. Tomoko’s ass had a different feeling compared to her pussy, but it was still nice nonetheless...

You thrust inside Tomoko as she tells you to keep it up, telling you that she is close to orgasm. You feel your own orgasm coming again as well and with one more timely thrust, you release inside Tomoko's ass. Tomoko meanwhile, explodes and her juices drip down her legs.

Throwing her shirt off, Tomoko leans her head up and kisses you. You return Tomoko's affections, as you wrap your arms around her beautiful body.

The two of you deepen the kiss as your tongues dance with one another. Your kisses seemed to take each others breath away...Time has no limit when you are with Tomoko...

Unfortunately, you are broken out of your blissful trance when you hear a female voice outside.

"Hello?"

Shit! It's the female store clerk that was helping Tomoko out earlier!

"Miss?" You hear as the curtains to the fitting room starts to open and the clerk enters, "Can I help..."

Dammit...no escape...caught...

Oh well...there is always the store across the street...
